# A Legacy of Hope...

**Reaching** teens and their parents with the truth concerning adolescent sexual health is the mission of Connection Institute: the prevention services arm of LifeChoices. Trained youth service providers go into area public classrooms with medically accurate and age-appropriate material that results in proven attitude and lifestyle changes. Students are empowered to make healthier choices regarding dating, love, and sex.

- VR 10-day school programming (6th - 9th grades)
- Man-up/My Life (10th - 12th grades )
- College orientation classes
- Civic groups and church outreach
- Youth development partnerships with area agencies

Over 7,800 students participated in Connection Institute programs from 12 school districts during the 2010-2011 school year.

**Restoring** and strengthening families benefits our communities for this and future generations. LifeChoices offers a variety of parenting and life-skills classes, at no cost, to anyone seeking to make their family strong. The classes are taught by community professionals and cover topics such as newborn baby care, appropriate discipline, building self-esteem in our children, budgeting, educational and career goals.

- Basic Parenting 101
- Meet the Doctor
- LifeGroups
- Parenting with Love and Logic
- Newborn baby gift baskets

Sharing spiritual answers to the sexual health crisis brings true restoration. 1,516 individuals were receptive to spiritual discussions with 5 clients opening their hearts to receive Christ!

**Rescuing** a generation at risk for unplanned pregnancies or sexually transmitted infections is the focus of the LifeChoices and 4U Testing medical clinics through free and confidential services.

- Pregnancy Testing
- Information on pregnancy options
- Limited obstetrical ultrasounds
- Early prenatal services
- STI testing and treatment

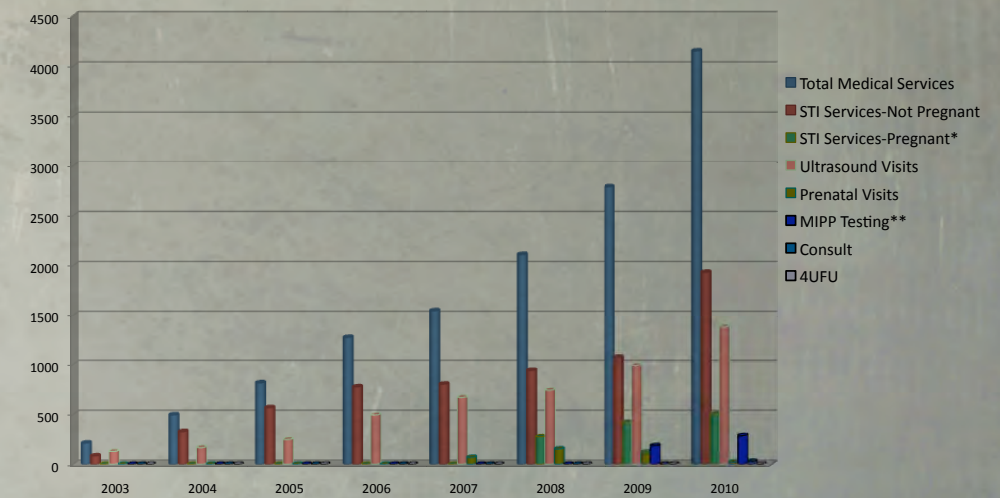

LifeChoices is an official Missouri Infertility Prevention Program site in conjunction with the Center for Disease Control. 4U Testing is an official STI testing site for the Missouri State Health Department.

LifeChoices/4U Testing saw over 2,000 individuals, providing more than 5,800 services. 93% of those planning to abort or who were vulnerable to abortion chose life instead!

**Replicating** resources and sharing strategies used through LifeChoices' programs have been an extension of ministry provided to clinics and organizations both nationally and internationally.

- Training manuals
- Medical brochures
- Curriculum
- School youth service provider trainings
- STI clinic trainings
- National conference presentations
- Consultations
- Medical webinars

**Medical Services 2010**  
LifeChoices and 4U Testing Combined

\*2008 is the first year for tracking pregnant clients screened for STIs.  
\*\* Registered MIPP testing site June 2009 - G/C testing services expanded
